State of California
Registered Geologist No. 3575

26 December 1999

Dr. Jane Henny, M.D., Commissioner
Food and Drug Administration
5600 Fishers Lane, Room 1471
Rockville, MD 20857

Dear Dr. Henny:

It's time to learn from the European Union: the U.S. should ban animal uses of growth-promoting antibiotics when the antibiotics are the same as used in human medicine.

We don't need any studies, nor do we need a series of meetings about the use of these drugs -- where the big corporations can bias the input. All we need is to ban the use of these drugs.

Sincerely,

99P 0485
